

Profile

Registered architect and project manager practicing since 2004, with experience spanning medical, civic, hospitality, military, higher education, industrial, laboratory, residential, interior, and adaptive-reuse projects. Combines multidisciplinary project leadership with an interest in historic places, human-centered environments, sustainable design, and research-driven concepts.

Professional Experience

Jacobs | Project Manager

2023-Present

Project management and multidisciplinary coordination across market redevelopment, laboratories, corporate interiors, higher education, industrial renovations, and construction administration. Project Manager for the Hunts Point Produce Market 20% design, coordinating stakeholders and a multidisciplinary team of 90+ architects and engineers. Manages a nationwide corporate-interiors program with multiple concurrent projects.

J. Rousey Architecture | Principal Architect

2014-2023

Independent practice including historic renovation, adaptive reuse, residential design, hospitality, art/gallery space, landscape concepts, permitting, consultant coordination, and construction documentation.

LPAS Architecture + Design | Architect

2013-2014

Construction documents and technical coordination for the UC Davis Recital Hall and Tehama County Courthouse; historic-condition documentation and Revit training.

URS Corporation | Architect / Project Manager

2008-2013

Project management and architectural services across military, medical, federal, civic, infrastructure, and laboratory projects, including Yokota Hospital, Misawa Air Base, Yuma, VA laboratory renovations, and BART station work.

Rocio Romero LLC | Designer / Project Director

2005-2008

Client consultation, customization, permitting, manufacturing coordination, construction consultation, and product development for modern prefabricated homes.

Tao Lee Architects | Designer

2004-2005

Residential renovation documentation, schematic design, and collaboration with interior designers on lighting, finishes, and presentation materials.

Selected Project Experience

Hunts Point Produce Market | Bronx, NY

Jacobs project-management experience for a 103-acre produce-market redevelopment with approximately 850,000 square feet of new market buildings and support structures.

Historic Brewery Restoration | Ste. Genevieve, MO

Principal architect for restoration of a partially demolished 8,900-square-foot historic brewery, including conversion of 3,500 square feet into a residence.

Hotel Audubon | Ste. Genevieve, MO

Principal architect for restoration of a historic building as a seven-room bed and breakfast, including schematic options, permit/construction documents, and consultant coordination.

Ann E. Pitzer Center, UC Davis | Davis, CA

LPAS project experience including construction drawings, acoustical details, wall types/material documentation, and plan/section revisions.

Tehama County Courthouse | Red Bluff, CA

LPAS project experience including construction documents, blast-resistant construction research, and coordination of technical details.

Yokota Hospital Renovation | Fussa, Japan

URS architectural design and project-management experience including structural-upgrade work and construction administration.

VA Laboratory Renovation | Martinez, CA

Architectural design for laboratory and medical-office renovation, including laboratory upgrades and HIPAA-related outpatient-area upgrades.

LV Series Homes | United States

Rocio Romero client consultation, custom design, permitting, manufacturing, and construction consultation for modern prefabricated kit homes.
